## **ART OF MINIMALISM**

The newest SOLANO collection for the autumn–winter season has been designed with graceful minimalism in mind. The originality of the new projects is expressed through geometric shapes of the frames and the use of double frames. The mood of the autumn collection is emphasised by the colours of the frames – dominated by silver and gold in various hues, from yellows to pinks, with natural beige, and with subtle navy-blue accents. Nature, elegance, and minimalism are the leading motifs for autumn and winter at SOLANO.
